Early Years Forums - Autumn Term 2019

Dear colleague,

You will have received information regarding the dates and venues for the Early Years Forums for this academic year through the [Northumberland Early Years training programme](#). Please see below for further information on the focus for your partnership area and booking links.

All early years practitioners are welcome and we encourage practitioners to attend the forum within the school partnership group their school/setting is based. This enables us to focus closely on individual school partnership priorities.

Places MUST BE BOOKED to ensure host settings are able to accommodate the number of practitioners wishing to attend. Places can be booked by clicking on the links below.

| Autumn Term Early Years Forums | | | |
|--------------------------------|--|---|--|
| | School Partnerships | | |
