

Northumberland County Council

13th January 2021

Dear Governor

Free online governor training: Prevent, Radicalisation and Extremism: The Role of the Governor.

There is a duty on all schools and academies to have due regard to preventing people from being drawn into terrorism. In order to protect children in your care, you must be alert to any reason for concern in the child's life at home or elsewhere. This has been a governor responsibility 2015.

For one week commencing 25th January 2021, all Northumberland governors have access to this free online training package from local specialist consultants [SaferVision](#).

The package is an online recorded presentation and can be accessed on a computer, laptop, tablet or smartphone. The whole module does not have to be completed in one session; once registered you will be sent the link which can be completed and resumed in stages if you prefer. The length of the session is around one hour and twenty minutes.

Please register using the online form [here](#).

One or two days prior to the training going live, you will be contacted by SaferVision with the link to use to access the learning package at a time that is convenient for you during the week.

Best wishes
