

# NPQ for Senior Leadership

## About the course

Ambition Institute's new National Professional Qualification (NPQ) for Senior Leadership gives you the chance to learn evidence-based school leadership and put it into practice. It also gives you the opportunity to focus on specific leadership challenges in your school or trust.

This programme develops your leadership skills and knowledge and covers the content listed in the Department for Education's NPQ Senior Leadership Framework.

### You will learn how to:

- Establish a safe and positive environment for pupils
- Lead school-wide professional development for staff
- Make and act on evidence-informed decision
- Work well with parents, carers, other schools and the wider community
- Set clear goals and communicate shared values that improve the culture in your classrooms and school
- Support colleagues to meet individual needs and make sure all pupils have access to a rich curriculum
- Lead by example, be accountable for decisions and make sure colleagues know their responsibilities

### How you'll learn

The content is delivered through blended learning. This includes a mix of Covid-safe face-to-face conferences, real-time, interactive online sessions and self-guided modules you can complete in your own time. You will put what you learn into practice in your school and can track your progress and get feedback as you go.

The assessment window starts at the end of the programme. Participants will be given an eight-day window to sit an 'open book' style assessment in which they respond to a short case study.

### Who should apply?

To apply, you must be, or are aspiring to be, a senior leader with cross-school responsibilities. For example, you might be an assistant or deputy headteacher, or a head of department or faculty.
