

CSI Forensics Whodunit Workshops

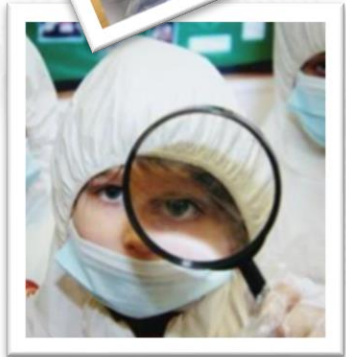

From Sci-High Forensics in partnership with Northumberland County Council's School Improvement Team

Exciting and fun scientific workshops delivered by real forensic scientists

Crime scene work, lots of practical engagement and a courtroom trial

- All-day workshops for up to 50 pupils in year 3, 4, 5 and 6 in primary schools.
- All year-group workshops for year 1 to year 4 in small first schools.

We are highly experienced in delivery to primary schools and receive consistently excellent feedback

Our joint initiative with Northumberland County Council provides at least 15% off our normal prices.

Prices are reduced further through workshops at geographically close schools on successive or proximate days.
