

Future-Proof Your School's Phone System

Introducing the Northumberland County Council's New Cloud Telephony Solution

With the PSTN switch-off approaching, traditional phone systems will soon become obsolete. Northumberland County Council is now offering all schools a cost-effective, future-ready cloud telephony solution.

Why Act Now?

The Public Switched Telephone Network (PSTN) will be fully retired by 2027. That means your current landline-based phone system will no longer function. It's essential to transition to a digital solution—and we're here to help.

Why Choose Our Cloud Telephony Solution?

- **Save Money**
Make use of your existing broadband connection—no need for costly new infrastructure.
- **Flexible & Modern**
Choose from a range of handsets tailored to your needs, or use our system on Windows PCs and mobile phones for seamless communication on the go.
- **Expert Council Support**
Our in-house support team is ready to guide you every step of the way—from installation to ongoing maintenance and training.
- **Simple, Scalable Setup**
Whether you're a small primary or a large secondary school, our system scales with your needs.

What You Get:

- Easy-to-use, high quality phone system
- Centralised management portal for admin control
- Enhanced security and reliability from the cloud
- Intercom function for delivering urgent / emergency communications
- Voicemail-to-email, call forwarding, and more

Next Steps

We'll help you assess your current setup and plan a smooth transition with minimal disruption. This is your chance to modernise communication in your school while saving time and money.
