

# Empowering Schools for SEND Excellence

In partnership with  EvaluateMySchool

Northumberland LA is excited to promote EvaluateMySchool, collaborative software designed to support schools in their self-evaluation and improvement journey for SEND provision.

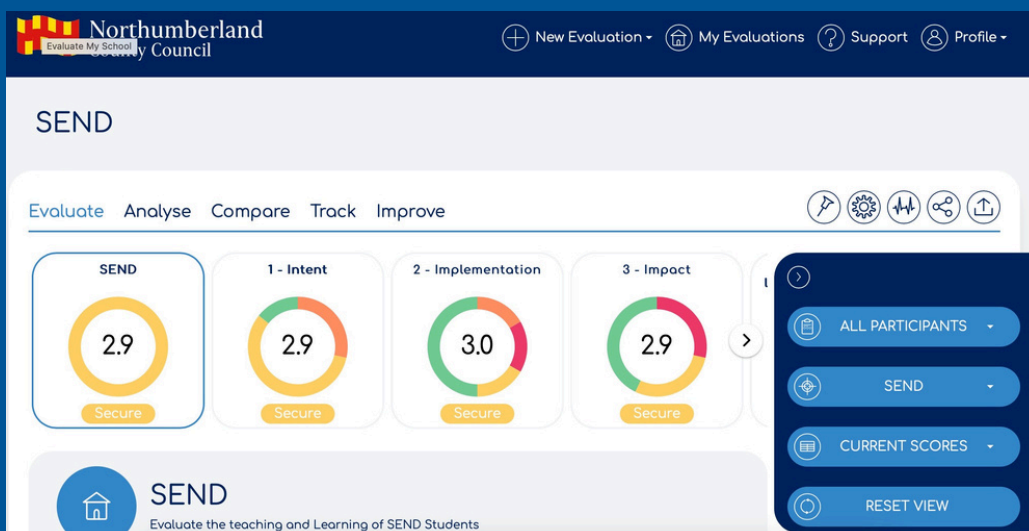

## The Evaluate - Analyse - Improve Cycle

1. Evaluate: Conduct thorough self-evaluations of your school's SEND provision, as written by David Bartram OBE.
2. Analyse: Gain insights into your strengths and weaknesses.
3. Improve: Create and execute action plans to elevate your SEND provision.

Join us in our mission to foster an inclusive and supportive educational environment for all students. Let EvaluateMySchool support you in continuous improvement in SEND provision.

**Login at <https://northumberland.evaluatemyschool.co.uk/>**

- ✓ Evaluate
- ✓ Analyse
- ✓ Compare
- ✓ Track
- ✓ Improve

## Did You Know?

- Trusts within the local authority can obtain a comprehensive overview of SEND provision across their schools.
- Track progress over time with ease.
- Export detailed reports for leadership teams and governors.
- Add other users to the system for free to collaborate effectively.
- Include comments and evidence in your evaluations.
