Wakelet is a powerful all-in-one content curation and collaboration platform that enables users to organize, manage, and share digital content in an easily accessible format. It serves as a central hub where individuals, teams, and organizations can gather various types of content—including web links, articles, videos, images, PDFs, text, quizzes, and documents—and present them in visually appealing collections.

- **Teachers** can use it to share lesson plans, create interactive study guides, manage classroom projects, and engage students with multimedia resources.
- **Pupils** can organize class notes, collaborate on group projects, and build portfolios showcasing their achievements.
- **Individuals** can curate personal interests, create digital portfolios, organize research, or share travel plans and creative projects.

The Classroom Pro Plan is offered at the exclusive price of £99.99 for alliance schools. This price is a reduction from the usual £149.99.
