

Discover what a career with us could look like

You don't need to work on the frontline in the NHS to make a difference!

Join us for a week of hands-on work experience at the NHS Business Services Authority and discover hundreds of non-clinical roles that support the NHS behind the scenes.

On behalf of government, the services we deliver help NHS organisations, contractors and the public every single day, and we're proud to be part of something meaningful that touches millions of lives.

If you're curious about how roles such as digital, data, HR, finance, project management and many others support the NHS, this is your chance to explore them up close.

Why apply?

This is an exciting and valuable opportunity to develop your skills, meet new contacts and discover potential career paths after education. You can:

- try out real activities linked to NHS services
- build your confidence and useful workplace skills
- meet professionals across our organisation
- discover new career paths
- support future applications and your personal statement

Where and when

6-10 July 2026

09:00 to 15:30

Stella House, Goldcrest Way, Newcastle upon Tyne, NE15 8NY

Opportunities for all

We know not all young people have the same opportunities to gain work experience for various reasons. Students from lower socio-economic backgrounds often miss out and that's why half of our places are reserved to make sure students have access to impactful and valuable work experience placements.

Apply now

Applications are open until Friday 15 May 2026. To find out more and check your eligibility, visit our careers site careers.nhsbsa.nhs.uk/work-experience or scan the QR code.
