The Northumberland School Readiness Passport

'Every child school ready,
every school child ready'

Northumberland
EDUCATION

Early Years

What is The School Readiness Passport?

The Passport is an online platform which encourages collaborative partnership working to ensure all children including those with SEND are supported through:

- Effective transition
- Implementation and monitoring of actions to support progress
- Early identification of needs with the use of a robust assessment tool
- Analysis data

Benefits

For the child...

- Single digital passport, accessible by all Early Years settings attended by the child.
- A system which enables early years practitioner to work collaboratively to support the child's school readiness journey.
- A system to enable multi-professionals, e.g. portage to work in partnership with the child's setting to provide holistic and integrated support.
- A system to gather a child's story the moment they begin a setting to support their transition throughout early years and into school.

For the provider...

- An easy to use robust assessment checker from 6 months old to the end of reception centred around child development milestones and proven to reduce assessment related workload.
- A refined assessment and progress tool for children identified with emerging needs and/or SEND.
- Prompts and tools to support the graduated approach.
- Simple and secure transfer of children's information to support transition.
- A digital team to provide assistance with troubleshooting.

Benefits

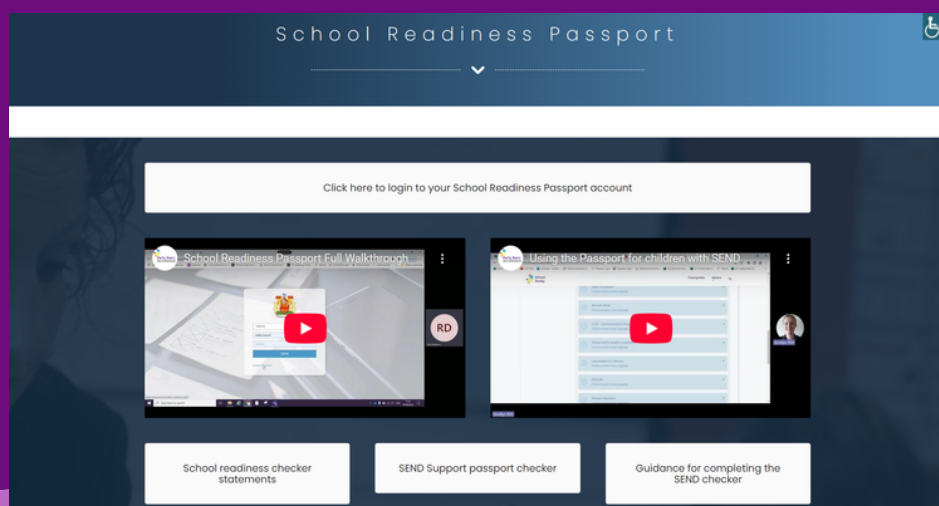

For the Local Authority...

- A peer support offer to get you started with:
 - Privacy statements and GDPR
 - Legal agreements, if required
 - Navigating and using the system to its full potential
 - Marketing and engaging providers
 - Training and on-going support for in house and external users
 - Understanding the options for customisation
- A digital team to walk you through the set up process and provide ongoing troubleshooting support.
- Access to Local Authority wide data in relation to attainment, usage, key group information, multi-professional involvement, actions associated with the graduated approach, transfer and transition information and information linked to the 2 year old statutory integrated review.
- Tools to coordinate and manage inclusion support and inclusion funding requests.
- Opportunity to be part of a stakeholder group to support future developments.
